PROFILE

Enthusiastic about leveraging my skills in frontend development to contribute to creating user-friendly digital experiences. Driven by a passion for crafting engaging interfaces and eager to apply my knowledge in HTML, CSS, and JavaScript. Excited to join a team where my fresh perspective will be valued and where I can actively support the mission to deliver accessible and attractive web applications. Ready to embrace challenges and grow within a dynamic environment.

EXPERIENCE

FULL STACK DEVELOPER INTERN

Shiash Info Solutions Pvt. Ltd. | May 2024 - July 2024

- Engaged in the complete development lifecycle of web applications, from initial requirement gathering to deployment.
- Built robust web pages using HTML and implemented functionality using Python, Django, and Mysql.

WEB DEVELOPER INTERN

Codsoft | September 2024 - September 2024

- Collaborated with the web development team to enhance user engagement through UI improvements and optimizations.
- Developed and maintained dynamic web applications, utilizing HTML, CSS, and JavaScript for front-end functionalities.

PROJECTS

Travel Website Landing Page

- Developed a visually appealing and user-friendly landing page for a travel website using HTML and CSS, focusing on responsive design and user navigation.
- Implemented best practices in web accessibility to enhance user experience for all visitors.

Personal Portfolio

- Designed and created a personal portfolio to showcase various web projects using HTML, CSS, and JavaScript, effectively expressing my development capabilities.
- Integrated contact forms and interactive elements to engage users and encourage feedback.

Weather Application

- Utilized React JS to create a weather application that retrieves and displays real-time weather data using API integration.
- Enhanced functionality by developing intuitive UI components that improve user interaction and experience.

Calculator Application

- Developed a calculator application employing HTML, CSS, and JavaScript, showcasing an understanding of DOM manipulation.
- Designed with user-friendly interface elements to facilitate ease of use.
